This bill, if enacted, will: (1) require a person convicted of certain violent crimes to serve 100% of the sentence imposed; and (2) provide that a person convicted for a second time of certain violent crimes will serve a minimum of 25 years.

The fiscal impact from enactment of this bill is estimated to be an increase in state expenditures of \$110,723,982 for incarceration*. This estimate is based upon a population of 2,021 inmates serving 100% of their sentence which will range from two years to 36 years.
